## EVERYTHING GROWS BY AIMEE HERMAN READING & BOOK SIGNING

Fifteen-year-old Eleanor Fromme just chopped off all of her hair. How else should she cope after hearing that her bully, James, just took his own life? When Eleanor's English teacher suggests students write a letter to a person who would never receive it to get their feelings out, Eleanor chooses James.

With each letter she writes, Eleanor discovers more about herself, even while trying to make sense of his death. And Eleanor not only learns what it means to be inside a body that does not quite match what she feels on the inside, but also comes to terms with her own mother's mental illness.

EVERYTHING GROWS depicts Eleanor's extraordinary journey to solve the mystery within her and feel complete. Along the way, she loses and gains friends, rebuilds relationships with her family, and develops a system of support to help figure out the language of her queer identity.

EVERYTHING GROWS reveals the value of finding community or creating it when it falls apart, while exploring the importance of forgiveness, acceptance, and learning how to live on your own terms.
